Fallon, Nevada

Minutes of General Membership Meeting

March 8, 2012

Fallon Bowmen Club House, 491 Sheckler Cut-Off

The meeting was called to order by President Larry Burchard. Due to limited attendance, the meeting was carried out in an informal manner. Those in attendance were: Brenda Alves and Amy Merritt (Secretary/Treasurer and Assistant), Vice President Dave Downs, Board Members: Paul Merritt, Eddie Alves, and Thane Fabel, general membership was represented by Nick Belezos and Larry Wood.

The minutes from the last meeting was distributed and there was no comments.

The treasurer's report was distributed and there was no comments.

New Business:

- a) Nick Belezos has been working on a web site for the Fallon Bowmen and it is now up and running. If you wish to visit the web site, go to **www.fallonbowmen.com**. Kudos to Nick!
- b) We will be moving out of the Dry Gulch Saloon ending our winter indoor practice on **March 31, Saturday, starting at 9:00 a.m.** Remember, the club pays for the use of the Gulch during the winter so that you will have a sheltered place to practice.
- c) the club will need to replace our worn out carp target and to also buy one more new critter to have as a spare.
- d) there is still a large inventory of trophies from last year and need to fill in shortages. Thane Fabel has agreed to take on the responsibility. He will have a report by the next meeting.
- e) the flyer for the River Animal Madness Shoot has been updated and streamlined so that all the information needed to complete registration and all information about the shoot is included on one page. The front has date, time, classes, fees, phone numbers, etc. The back has the map, registration form which also is the pre-registration form and where to mail the form. The flyer has been ready for a month and anyone wishing to distribute them to friends and neighbors can do so by just asking Larry for a hand full.
- f) The River Animal Madness Shoot will be on **Sunday, May 20.**
- g) we will be posting scores manually for our shoot. The computer printouts will be used as records and for statistical purposes. It is felt by the majority that manually posting scores results in less mistakes and immediate correction of any errors. With the boards in full sight, participants can see at a glance if they are in the right class and if their score has been posted correctly.

We will again use \$800 for our raffle. In addition, we will need to purchase prizes for the pre-registration raffle and our special raffle. Paul Merritt has already donated a tent for our special raffle. Thank you Paul. There was no further business so the meeting was adjourned.

Respectfully Submitted,

Brenda K. Alves, Secty/Trea.
