What's New !

The Nevada Bowhunters Association had its midwinter meeting on December 1st and 2nd at the Perdiz Shooting Sports Clubhouse just outside of Eureka, Nevada. A synopsis of the minutes will probably be included in the next NBHA Newsletter.

A few of the items that might be of immediate interest to you are: 1) the dates that have been set for some of the shoots (included on a separate page), 2) the NBHA State Outdoor Tournament will be held at multiple locations in an effort to make them more accessible and affordable to participants. Any club can submit a bid to host the event and the tournaments must be held within the fiscal year that ends with the Jamboree in Eureka. Participants may compete in more than one State Outdoor or State Marked 3D tournament however; each participant must declare that a tournament is his All-around entry before starting the tournament (should a person be competing for the All-around title). There will be an additional \$5.00 entry fee at each tournament (indoor, outdoor, marked 3D = total of \$15.00) to qualify for the All-around silver buckle. **Take a look at Pres. Larry's buckle, it is very prreeettttyyyy. Worth more than \$15.00.** (An old guy I know said he really didn't like the buckle because the points on the top edge would poke into his waist (belly) and he couldn't see the buckle anyway. Have you ever heard of such an excuse?) 3) It was decided that the president of NBHA needed access to funds without authorization from the Board; approved not to exceed \$500 for the year. 4) There was also a proposal to put money spots on the Jamboree targets to raise participation and interest. The proposal was not presented formally so the Board was able to discuss it informally and

come to a compromise decision (we do better than our Federal Government does). The money spots will be used only on Sunday. There will be judges at whichever targets have money spots on them. No money from NBHA will be used but it will be sponsored through individual donations. 5) The individual club team competition (started last season; only WRA, Elko, Ely, Carson participated) will be tried again for lack of discussion or an expression of a nay or yea opinion. This competition is self supporting. 6) The **NBHA Jamboree** will be held **June 15 and 16** at the Perdiz Shooting Range. FYI, lunch will be available but no breakfast. Breakfast might be taken care of by the Elks Club; more information due closer to Jamboree time. Lucy will be in charge of organization for the pot luck. Also FYI, the NBHA is asking each club to donate a raffle item which was commonly done for many years. **IMPORTANT**, The Fallon Bowmen will be in charge of setting up 10 targets for the Jamboree. If you are planning to attend, don't be shy. We would appreciate any help you can give! I will remind everyone as the time gets closer.

I'm sure I've forgotten something but, after almost 2 full days of meeting, I was catching myself tuning out at times.

♦I have pink arrows, t-shirts (pink & grey) for Tough Enough To Shoot Pink fund. Only L and XL shirts available.

♦Don't forget, indoor practice at the Gulch, Fairgrounds every **Thursday evening at 6:00 p.m.**
